

CIRCUIT ACTIVITY AT MSV VENUES – HOW WE ARE KEEPING CUSTOMERS SAFE

Following latest advice from the Government on social distancing, we have implemented a range of procedures at our venues to minimise the need for contact between people when attending track and test days. These changes are intended to be both practical and more convenient for customers, whilst providing reassurance that we're doing everything we can to keep you safe. Indeed, attending such an event should carry no more risk of infection, and likely much less, than a trip to your local supermarket.

REGISTRATION

- All pre-event registration has been moved online, in advance. This new check-in system is mandatory and will involve uploading a digital copy of your licence (e.g. a photograph or scan) and completing an indemnity form electronically
- On arrival, participants will only be required to collect and apply their own wristband. You must observe 2 metre social distancing rules and there will be a queuing system in place to support this
- A member of staff will be present in the wristband collection area, behind a Perspex safety screen, to deal with any issues and queries (only)
- Hand sanitiser will be widely available

BRIEFINGS

- Briefings will be online, accessed as part of the check-in process. The briefing must be watched in full before you collect your wristband, no more than 24 hours before your event
- No wristbands will be issued in respect of briefings

FOOD AND DRINK

- Our restaurants will be offering a takeaway service with a limited hot food menu and a number of additional safety measures in place
- All customers are welcome to bring their own food and drink to the circuit

GARAGES AND PADDOCK AREAS

- On trackdays, access will be restricted to one car and two people per single garage (maximum three bikes and three people per single garage on bike events)
- On car test days, access will be restricted to one car and four people per single garage
- Garages will remain fully open at all times (to the front and rear)
- Additional space in the paddock will be made available to assist with venue-wide social distancing measures

ADDITIONAL POINTS

- Only participants and their essential helpers may attend a test or track day. No-one else, including spectating friends or family members, will be permitted
- In-car instruction is currently not available
- Passengers and additional drivers are only permitted if they are from the same household as you
- Helmets are no longer available to hire but you can purchase one online from companies such as Stand 21 and Demon Tweeks
- Access to Race Control will be restricted to essential staff only
- Under current guidelines, overnight stays are not permitted at any MSV venue

IMPORTANT: You **must not** attend an activity if you have any symptoms of Covid-19, or you are required to self-isolate under Government guidelines. Please notify your event organiser as soon as possible to discuss re-booking arrangements.
